

Roberto Rivas-Ortiz

Roberto.rivasortizx@gmail.com Oakland, CA

Interests & Focus Areas

Aeronautics · Aerospace Engineering · Space Technology

Education

College of Alameda – Alameda, CA
Currently Enrolled (2025 – Present)

San Francisco State University – San Francisco, CA
Studied Physics in Astrophysics (2024 – 2025)

Madison Park Academy – Oakland, CA
Engineering Pathway – Graduated May 2024

Peralta Colleges – Oakland, CA
Coursework: Descriptive Astronomy, Business, Marketing, Journalism (2021 – 2024)

Experience

NASA Ames Research Center – Moffett Field, CA

CHSLE High School & OSTEM College Intern | June 2024 – June 2025

Developed an interactive web application for NASA's State of the Art SmallSat Report, coding both front- and back-end systems.

- Visualized complex data from a 441-page report for use by researchers and engineers.
- Contributed to the design and construction of a model of the ACS3 (Advanced Composite Solar Sail System) satellite.
- Strengthened technical, teamwork, and communication skills while working with NASA engineers and interns.

Chabot Space & Science Center – Oakland, CA

Career Launch Associate and Fellowship recipient | Sept 2024 – Present

Supported Museum programs and operations

- Taught science workshops and Live Science shows for audiences of up to 50.
- Worked registration, customer service and front desk.
- Assisted Exhibit Technician with exhibit repair and set up.

Chabot Space & Science Center – Oakland, CA

Galaxy Explorer / Museum Explainer | Sept 2023 – Aug 2024

- Collected astronomical data and created mosaic images using JS9 software.
- Researched rocket science for model rocket design and launch.
- Guided museum visitors through science demonstrations in aerodynamics, rocketry, and energy.

Highland Hospital – Oakland, CA

HEAL Intern | Dec 2022 – Feb 2023

- Shadowed medical professionals across pediatrics, emergency medicine, and surgery.
- Assisted patients with intake forms and post-operation support.

Skills

- Languages: Spanish (Fluent)
- Technical: HTML · CSS · Arduino · Git & GitHub · VS Code · Microsoft Office · Tinkercad · Beginner Python · Beginner JavaScript · Beginner C++

Other: Communication · Teamwork · Research

Hobbies

Model Rocketry · 3D Printing · Amateur Astronomy
